

Eurovent CANTILEVER L

Regulated bracket designed for mounting ridge batten in ventilated sloping roofs. Made of galvanized steel and characterized by increased durability and resistance to cracking.

Advantages:

- fast and easy installation • reliable support
- resistance to ageing

Technical data:

Parameter	Value
Components	Base made from galvanized steel, patch support welded to a M8 threaded rod and rivet cap mounted on the base.
Coating	Zink coating Z100 - mass no less than 100 g/m ²
Tension resistance	3,7 kN
Available sizes	40 mm, 50 mm
Thickness	Approx. 1,5 mm

Parameter	Value
Total length	up to 225 mm (regulation is possible)
Body length	180 mm
Head length	27 mm
Leg width	28 mm
Head width	50 mm
Weight	Approx. 0,2 kg
Box	100 pcs
Pallet	3200 pcs

Application:

Bracket is used as mounting element for ridge battens in ventilated sloping roofs. It ensures proper positioning of the batten and enables fast and reliable installation of ridge tiles to the ridge batten. Product consists of a steel grip and regulated bracket which allows to adjust the position of the ridge batten.

Contained information, advice and guidance is given based on our knowledge, researches, experiments and in good faith. We are not responsible for the consequences of improper or incorrect use of our products. Each user of this material will ensure in every possible way, including an examination of the final product in the relevant conditions, the suitability of supplied materials to achieve the objectives pursued by him.

Storage / transport:

The product should be stored in a dry place, under cover, free from moisture and UV radiation in original undamaged and closed package. The product should be transported in covered means of transport. Particular attention should be paid to the unloading in winter conditions and storage in heated rooms. As a result of large temperature difference, water precipitates between the galvanized products. User must ensure free circulation of air for wet galvanized elements during transport or storage.

The product is under warranty, providing that the guidelines contained in technical data sheet are being obeyed. We reserve the right to refuse a complaint recognition in case of not following these guidelines.
