

## TECHNICAL DATA SHEET

### Eurovent **GRATE VENTI**

Ventilating eaves grate manufactured in injection molding process from high-quality polypropylene. Designed for use as venting element within the eaves area. Special additives ensure resistance to weather conditions.

#### Advantages:

- proper ventilation
- UV resistance
- protection against birds

#### Technical data:

Parameter	Value
Components	high quality, UV stabilized polypropylene
Width	32 mm
Length	1 m

Parameter	Value
Colors	wallred, brown, black
Ventilation area	Approx. 200 cm <sup>2</sup> /m
Box	100 pcs
Palette	1000 pcs

#### Application:

Eaves grate designed for protecting the eaves area against birds, rodents and large insects. Ensures proper ventilation and air circulation within the eaves area by preventing penetration of wind-driven leaves. Additional venting grate replaces the eaves batten enabling faster and easier installation of gutter hooks. Suitable for application with nearly all types of roof coverings.

*Contained information, advice and guidance is given based on our knowledge, researches, experiments and in good faith. We are not responsible for the consequences of improper or incorrect use of our products. Each user of this material will ensure in every possible way, including an examination of the final product in the relevant conditions, the suitability of supplied materials to achieve the objectives pursued by him.*

### Storage / transport:

The product should be stored in a dry place, under cover, free from moisture and UV radiation in original undamaged and closed package. The product should be transported in covered means of transport. They should be prepared for transport in a manner that protects them from damage and destruction. During transport safety regulations must be observed. The product should be protected from chemical agents, in particular solvent-based substances, as they can reduce technical parameters of foil or permanently damage it.

The product is under warranty, providing that the guidelines contained in technical data sheet are being obeyed. We reserve the right to refuse a complaint recognition in case of not following these guidelines.
