Storage / transport:

The adapter should be stored in dry, covered, free of moisture and direct sunlight areas. Please transport using covered means of transport, properly secured from damage. During transport safety regulations must be observed. Please protect the adapter from chemical agents, in particular solvent-based substances, as they may cause damage and reduce the technical parameters, or permanently damage the product.

The product is under warranty, providing that the guidelines contained in technical data sheet are being obeyed. We reserve the right to refuse a complaint recognition in case of not following these guidelines.
